

SHUT OUT BY CASTRO

President of Venezuela Defies the Government of France.

SECRESTAT NOT ALLOWED TO LAND.

Question Before the Nations Is What Will France Do About It?—Frenchman Protested Against Seizure of Rebel General's Estate.

Willemstad, Jan. 24.—In spite of the protests made by the French consul here, President Castro sustained the action of the Venezuelan authorities at La Guaira, who refused to permit M. Secrestat, jr., of Bordeaux to land, although the government previously assured the consul that the traveler might embark.

It is held by the authorities that while the French line steamer Laurent on which M. Secrestat was a passenger, was at Fort de France, Island of Martinique, or at the Island of Trinidad, he conferred with General Matos, the revolutionary leader. The consul made inquiries on the subject which established the fact that General Matos was not at Martinique, or at Trinidad when the St. Laurent touched at these islands.

All the passengers of the St. Laurent and notably the secretary of the Spanish legation at Caracas, assert that the behavior of M. Secrestat was always most correct and that he did not see General Matos.

The French government has been notified by the French consul at Caracas that President Castro has absolutely refused to allow M. Secrestat, jr., to land.

It is claimed this incident makes it incumbent on the French government to take steps necessary to cause French citizens to be respected and it is believed the French cruisers Tage and Suche, now at Fort de France, will receive orders to go to La Guaira. The French cruiser D'Estress is at Carupano, a seaport town in the state of Bermudez, Venezuela.

M. Secrestat, jr., the son of a merchant of Bordeaux, France, arrived at La Guaira Jan. 14 with the intention of going to Caracas to protest there against the seizure of the estates of General Matos by the Venezuelan government, the general's property having been legally leased to M. Secrestat, sr. The French government Jan. 16 cabled to Caracas, instructing the French consul there to insist that M. Secrestat, jr., be allowed to land.

PROBING THE MERGER.

Hill and Harriman Before Interstate Commerce Commission.

Chicago, Jan. 24.—What is expected to be one of the most interesting sessions of the interstate commerce commission ever held, began here Friday. The promised presence of E. J. Hill and E. H. Harriman, who are supposed to know all about the community of interests plan of the railroads, and who are expected to enlighten the commission on various points concerning the plan, brought a crowd of curious people, chiefly traction men, into court.

Mr. Harriman and Mr. Hill arrived and went on the stand during the afternoon. It is the expressed purpose of the commission to discover, if possible, what changes, if any, have been created between the general public and the railroads by reason of the associate management of the latter. The commissioners desire to find out if the carrying out of the community of interests idea has affected the rate situation in a way contrary to law or, as claimed, if it is likely to effect the stability of and non-discrimination in rates for which the commission has long battled.

Hobson Can't Retire.

Washington, Jan. 24.—The naval retiring board has declined to recommend the retirement of Captain Richmond P. Hobson. He has complained of his eyes, which suffered from heat and glare while he was working on the Spanish vessels sunk at Santiago and afterward in the dry dock at Hongkong, where two vessels of the Spanish fleet sunk by Dewey were repaired. The board of physicians which examined him found that his eyes were not permanently injured and refused to recommend his retirement. He has been ordered to return to duty in connection with Charleston exposition.

Trying to Solve a Mystery.

St. Louis, Jan. 24.—Chief of Detectives Desmond started out to personally investigate the mysterious murder of Alexander D. Cooper, the wealthy business man who was killed at the Vista Turkish bathhouse Wednesday night. After "sweating" Strother, the negro attendant at the bathhouse four hours without result, Chief Desmond decided to take him to the scene of the crime and have him reenact his movements there Wednesday night.

THE EARTH QUAKED.

Two Distinct Shocks Were Felt at St. Louis and Other Places.

St. Louis, Jan. 24.—Two distinct shocks of earthquake were felt in St. Louis and in many of the towns in the immediate vicinity of the city. The first shock was light. The second was more severe. It awakened persons who had slept through the first shock and got them out of bed. The shocks were accompanied by a rumbling sound and lasted about one minute.

Reports received show that the shocks were generally felt throughout the city and suburbs. The two shocks occasioned the rattling of crockery and swinging of pictures. In Chamberlain park the shocks were not severe. In many houses families gathered in huddle in one room immediately after the first shock. But none was sufficiently alarmed to take to the street. Fred Ruble, the night operator at the weather bureau on the federal building, noted the shocks.

The earthquake was felt very distinctly at Alton, Ills. In the west end of the city, on the bluffs, the vibrations were most severe. In the east end of Alton, where the population is more dense, nearly every one rushed into the streets. Nearly everybody in Belleville, Ills., felt the earthquake. Belleville is much honeycombed by coal mines and there was probably more fright there than elsewhere.

St. Joseph, Mo., Jan. 24.—A rumbling noise over St. Joe awakened many families to the belief that a tornado was coming. The noise, however, was but momentary and no damage resulted. It is generally supposed to have been some seismic disturbance.

Leavenworth, Kan., Jan. 24.—A distinct earthquake shock was experienced in Leavenworth and in nearby towns. No damage reported.

Quincy, Ills., Jan. 24.—There was a pronounced earthquake shock here. The seismic disturbance lasted nearly a minute and the oscillation was from east to west. The shaking of walls was perceptible in many residences.

Kansas City, Jan. 24.—What is believed to have been an earthquake shock was experienced in northeast extremity of the city. The movement was slight and no damage resulted.

SHIP COMBINE IMMINENT.

Arrival of Prominent Officials of British Navigation Lines.

New York, Jan. 24.—The Celtic from Liverpool and Queenstown brought a number of leading English shipping men whose mission here is supposed to be in connection with the rumored trans-Atlantic passenger and freight steamship combine between the White Star, Leyland and Atlantic lines.

Those on board the Celtic include Rt. Hon. William James Pirrie, chairman of the Harlan & Wolf ship-building company and a director of the Leyland and White Star lines; Henry Willing of Richardson, Spence & Co., English agents of the International Navigation company, recently elected chairman of the Leyland line in succession of J. R. Ellerman; J. Bruce Ismay and W. S. Graves, directors of the White Star line and Ralph Neville and John Dickinson, leading Liverpool maritime lawyers. The Earl and Countess Gray also came on the Celtic.

It is believed that the officials of British navigation lines abroad named are here to negotiate with J. Pierpont Morgan regarding a combine.

Mr. Ismay said: "These same rumors were current one year ago, but there is nothing in the reports. My visit here is to study the Celtic and fit her for a trip to the Mediterranean. I can give no other statement now."

Chicago, Jan. 24.—State Pure Food Commissioner A. H. Jones, who has just returned from Washington, says he is confident of the passing of his bill to establish a food bureau in the United States department of agriculture. The provisions of the bill cover inspection, labeling and stamping of food stuffs, the analysis of samples by special chemists and the prosecution of violators. Failure on the part of a dealer or manufacturer to produce samples when called on to do so is punishable by fine. It is provided that the bureau shall not spend to exceed \$100,000 a year to carry out the work.

THE LEGISLATIVE LOG

Ohio Senate Passed Bill Fixing Extreme Penalties For Assassination.

LOCAL OPTION BILL INTRODUCED.

Representative Gear Dropped In Two Bills Providing Severe Punishment For Vitriol Throwers and Those Who Write Blackmail Letters.

Columbus, O., Jan. 24.—Senator Chamberlain's bill fixing the death penalty for assassinating the president or vice president of the United States, any cabinet officer, or the governor or lieutenant governor of any state, the penalty in case of an attempted assassination of any such officials being fixed at life imprisonment was passed by the senate.

Bills introduced in the senate: Increasing from 100 to 200 yards from a private residence the distance which land can be appropriated for cemetery purposes; increasing from 15 to 21 years the age of deaf pupils who may attend day schools.

In the house what is known as "the Clark local option bill" was introduced by Mr. Beal of Harrison county. The measure made its appearance this time in a modified form, but the more salient local option features embodied in the temperance measure of two years ago are retained. The most material change in the bill as it is now before the house is that 40 per cent of the voters in the ward or township are required to sign the petition for an election. This, it is reasoned, precludes the possibility of compelling a local option election in decidedly liberal wards, where the chances of eliminating saloons are decidedly remote. The bill as it was presented two years ago required a petition signed by only one-fourth of the voters. Another new feature of the bill is that it carries with it means for contesting the result of any local option election.

Representative Gear of Wyandot county introduced two important measures. One provides a penalty of from three to thirty years for permanently maiming another, and life imprisonment for maliciously throwing live, vitriol, acid or other caustic substances. The other amends the law regulating blackmail and fixes a fine of from \$100 to \$1,000, or one year in the penitentiary, for writing letters of a threatening character for the purpose of extorting money.

Both branches adjourned at noon till Monday at 4:30 p. m.

DEFICIENCY BILL PASSED.

Sixteen Democrats Vote With Republicans on Philippine Item.

Washington, Jan. 24.—In the house Friday the first business in order was the vote upon urgent deficiency bill. Mr. Cannon, chairman of the appropriation committee, demanded a separate vote upon the amendment to the bill to appropriate \$400,000 for "the protection and shelter of the officers and enlisted men of the army serving in the Philippines." His purpose was to put the other side on record. The amendment was adopted 178 to 105. Republicans voted solidly for the amendment and the Democrats against it except the following Democrats who voted for it: Cummings (N. Y.), McRae (Ark.), Taylor (Ala.), Snark (O.), Williams (Ills.), Zeenor (Ind.), Miers (Ind.), Norton (O.), Kern (Ills.), Lindsay (N. Y.), McCulloch (Ark.), Mahony (Ills.), Foster (Ills.), Fox, (Miss.), Gordon (O.), and Crowley.

The motion to recommit was defeated 124-159. The bill was then passed after which the house went into committee of whole to consider private pension bills.

Among the 73 private pension bills considered and passed was one granting a pension of \$50 a month to the widow of the late Rear Admiral Philip. The house adjourned till Monday.

Roosevelt Criticized.

Frankfort Ky., Jan. 24.—In the house Representative Averdick (Dem.) of Covington, introduced a joint resolution, condemning the action of President Roosevelt in sending a special envoy as the representative of this country to the coronation of King Edward and expressing the shame felt by the legislature because of this action. Representative Rigdon of Bracken, introduced a joint resolution to prohibit the use of any books in the schools of this state which do not give Admiral W. S. Schley full credit for the victory at the battle of Santiago.

SCHLEY AT CHICAGO.

Will Be Royally Entertained In Mid-American Metropolis.

Chicago, Jan. 24.—All arrangements have been completed down to the smallest detail for the reception of Admiral and Mrs. W. S. Schley when they arrive in this city Saturday morning. Every hour of their stay in the city has been arranged for and they will be busy with functions for their entertainment.

At the station the visitors will be met by civil war naval veterans and Mayor Harrison and city council committee. The mayor will then extend an official welcome and freedom of the city to the guests. Naval reserves will escort them to the Auditorium. In the afternoon receptions will be given the admiral by the Hamilton and Press clubs and in the evening a banquet will be tendered him. Monday they will visit the Winfield Scott Schley school, receive the resolutions of the German societies at Memorial hall, attend a reception given by the Maryland society at the Palmer House in the afternoon and hold a public reception from 3 to 5 o'clock at the auditorium. At 6 o'clock the admiral will be dined by the officers of the Illinois naval militia.

Reports About Braemer.

Cincinnati, Jan. 24.—Sensational reports are again in circulation regarding Theodore Braemer, who resigned as secretary and treasurer of the J. & F. Schroth Packing company, pending the examination of the books of the Schroth company. Braemer remained at home where the inquiries of newspapermen and others so disturbed the household that Mrs. Braemer was prostrated. The servants Friday in reply to all inquiries announced that Braemer and family left for Honolulu. The publication of the departure was coupled with additional stories about Braemer's differences with the Schroths. Braemer was seen here at noon and says he does not contemplate any trip until after the experts report on the books. In addition to the \$150,000 in stocks and bonds deposited in trust, a deed transferring to the same trustees the Braemer mansion was left with the county recorder. Mrs. Braemer did not sign the deed.

The corporation is capitalized at \$25,000,000, the entire amount of which it is claimed has been subscribed by western and foreign capital. The estimated cost of the railway is placed at \$10,000,000. The incorporators are E. D. Bannister, Alfred B. Iles and T. L. Parker.

Lake Erie Falling.

Buffalo, Jan. 24.—According to a table arranged by Major Thomas W. Symons, United States engineer corps, the level of Lake Erie at Buffalo has been falling for four years. The fall was gradual until 1900, when it became greater than in preceding years. Major Symons has taken observations at the south pier of the United States lighthouse ship. Among other things he has found that the lowest water in the period of navigation occurs in the spring and fall, when the harbor is busiest. Major Symons says the highest water reached in four years was Nov. 21, 1900. The lowest water was Dec. 4, 1898, and March 14, 1901.

SUGAR TRADE SCARED

British Dealers Are Stocking Up In Anticipation of Higher Tax.

J. BULL MUST HAVE MORE MONEY.

Chancellor of Exchequer Is Urged to Restore Duty on Corn Which Was Abolished by Gladstone—News From Foreign Countries.

London, Jan. 24.—Uneasiness in the sugar trade caused by the expectation of an increased duty is growing as the day of the budget speech approaches. Sir Michael Hicks-Beach promised not to increase the duty on coal and this understanding is regarded as foreshadowing additional tax on sugar and perhaps tea.

During the last few weeks imports of sugar have enormously increased and the demand for storage room is greater than the supply. This panic policy is strongly condemned by the chancellor of the exchequer on the ground that it is unfair to attempt to anticipate the budget and so cause a considerable loss to the revenue, but of course, unless the sugar duty is increased he can avoid to smile at the desperate efforts now being made. There is not so much nervousness noticeable in the tea trade, but it is freely stated that the tax on tea will be raised from 4d to 6d a pound.

The chancellor is being urged to revive the old registration duty on corn which Mr. Gladstone abolished many years ago. If this duty had been in operation last year it would have yielded £2,658,000.

M. Beau Pacified.

Paris, Jan. 24.—A dispatch has been received at the foreign office from M. Beau, the French minister at Peking, informing the officials that he had presented his credentials. Beau had previously received satisfactory assurances from the Chinese officials regarding the pending missionary questions.

A park inspector jumped between them and received a stab intended for the king. The would-be assassin was arrested.

Wallace, paying teller at Stevenson's bank where Rice had an account and where one of the checks payable to Patrick's order, was presented, was the first witness and identified a \$25,000 check payable to Patrick which led to Patrick's arrest on account of Patrick's name being misspelled. "In my opinion," he said, "it was not written by Mr. Rice."

THE BIG SANDY.
 Some Figures Presented to Congress Showing the Importance of Locking and Damming This Stream.

A large delegation from Kentucky points along the Big Sandy river were presented to the House Committee on Rivers and Harbors Thursday afternoon by Congressman Kehoe, and made arguments in favor of a continuing appropriation for the improvement of that river. Among those who appeared were Colonel Jay H. Northrup, of Louisa, Ky.; W. A. Patten, of Catlettsburg, Ky.; Representative J. B. White, of Kentucky; Representative J. A. Hughes, of West Virginia, and Hon. John M. Langley, of Kentucky. The speakers represented that the territory tributary to the Big Sandy had by actual computation of Prof. Brown upward of 2,217,216,000 tons of coal, available to slack water navigation, which is a larger tonnage than the shipping of the great lakes for 200 years. They said the coal along the Big Sandy was greater in quantity than the coal which would be shipped from Pittsburg in 300 years, taking last year as an average. Big Sandy river coal, they declare, was the richest in the world, being the only coking coal superior to the Connellsville product, and containing 93 per cent. of fixed carbon. "It has," they declared, "the only large deposit of coal that can be delivered by water to the Middle West during the ninety days of each year when the low water in the Ohio prevents shipping from upper points, thus preventing periodical coal famines in many manufacturing centers." The Kentuckians also claimed that the coal was of the finest quality, and the most available for the building up of an export trade. "The Big Sandy," they argued, "has the only water course capable of slack water reaching the famous Pocahontas coal, adopted by the United States Navy, and which upon completion of slack water can be delivered at New Orleans at \$1 per ton." The improvement desired is a continuing contract amounting to \$4,200,000 for the improvement of the Levisa and Tug Forks of the Big Sandy.

Field's Minstrels.
 It is a well known fact that there are varying styles of comedy in negro mimicry and no two comedians are alike in their method of portraying that popular character of modern times known as the "Coon." Jimmy Wall's style of portrayal belongs to the modern school. His jokes are pungent, his repartee quietly droll, his gestures full of suppressed fun, which pleases the fastidious theatre-goers, particularly those who are not altogether too fond of the broad brush of mere horse play. In song and story Mr. Wall is a bubbling fountain of clean, sparkling wit and melody. Besides being a talented comedian, Jimmy possesses a fine voice. He is this season one of the gifted artists with the Al. G. Field's Greater Minstrels. His medley of popular songs is one of the hits of the big show. It will be here next Wednesday evening.

On account of the annual tobacco and corn fair, Feb. 22nd, the C. and O. railroad will sell tickets to Maysville at all stations between Cincinnati and Catlettsburg at one fare for the round trip. Tickets on sale Feb. 21st and 22nd. Return limit Feb. 24th.

Poyntz Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

Representative Rigdon, of Germantown, introduced a bill in the Legislature Friday to prohibit the use in the common schools of the State of any text book which does not give due credit for the victory at Santiago to Admiral W. S. Schley. The measure provides a fine of \$10 to \$100 for violation.

PRICE TUMBLES

Many hundreds of yards of pretty dress stuffs are gone since we told of these price surprises Wednesday morning. Such decided price cutting was sure to mean quick selling. And the busy times the last few days point to more rapid selling as the news is told by fortunate and satisfied buyers. Plenty. Yes, the lots were ample, but will not remain so. There'll be less to-morrow. Don't delay.
SILKS—\$1.50 and \$2 qualities, 50c; \$1 qualities, 35c; 89c. qualities, 25c.
WOOL DRESS GOODS—\$1.50 qualities, 50c; \$1 qualities 39c.; 89c. qualities, 35c.; 75c. qualities, 25c.

Boys' Underwear. Sizes twenty-four to thirty-two. Drawers and vests each 10c., reduced from 25c. Closely ribbed, warmly fleeced. Made of best Maco cotton and perfectly finished. Too many—that's the only fault. The best buyers will some time mis-calculate and must face the penalty of lost profit—and more. You'll appreciate these underwear values, can't help it. But you must be quick if you would share the offering—25c. underwear for 10c., doesn't last long here. We've warned you, don't blame us if you are disappointed.

CORSETS At Less Than Half Price. Several dozen corsets have been culled out of stock because soiled from handling or display. They are white cotton in long, medium or short waist. Of course sizes are very much mixed, but every size is here in one style or another. Several makes represented, but chiefly the J. B. and R. and G. \$1 Corsets, now 35c. There is reason to believe this one-third price sale will not happen again—unless some corsets get soiled and we'll try to guard against that for money losing is not a pleasure.

CHILDREN'S TAN STOCKINGS. The phrase "Almighty Dollar" is discounted in our stocking department by the remarkable power of 5c. For 5c. will buy children's tan, ribbed, seamless, stout stockings. Double knees, heels and toes—the ideal stocking for restless feet. Better quality than used to be sold at double the money—for these are regular 15c. stockings.
PILLOW TOPS. Plain denim with printed designs. Have sold for 25c. and 35c. Now 5c. Everything in this sale strictly cash. No goods reserved.

For Maysville Object of This Bill Introduced by Congressman Kehoe.

The Cost Not to Exceed the Sum of \$100,000—Provisions of the Measure for Securing Site, &c.

Following is a copy of the bill introduced some days ago by Congressman Kehoe for the erection of a public building in Maysville:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and he is hereby, authorized and directed to acquire, by purchase, condemnation, or otherwise, a site, and cause to be erected thereon a suitable building, including fireproof vaults, heating and ventilating apparatus, elevators, and approaches for the use and accommodation of the United States postoffice, Collector of Internal Revenue, and other Government offices in the city of Maysville and State of Kentucky, the cost of said site and building, including said vaults, heating and ventilating apparatus, elevators and approaches, complete, not to exceed the sum of \$100,000, which said sum of \$100,000 is hereby appropriated for said purpose out of any money in the United States Treasury not otherwise appropriated: *Provided,* That no part of said sum shall be expended until the State of Kentucky shall cede to the United States exclusive jurisdiction over the said site and building, during the time the United States shall continue to be the owner thereof, for all purposes except the administration of the criminal laws of said State and the service of civil process therein.

Proposals for the sale of land suitable for said site shall be invited by public advertisement in one or more of the newspapers of said city, of largest circulation, for at least twenty days prior to the date specified in said advertisement for the opening of proposals. Proposals made in response to said advertisements shall be addressed and mailed to the Secretary of the Treasury, who shall then cause the said proposed sites, and such others as he may think proper to designate, to be examined in person by an agent of the Treasury Department, who shall make written report to said Secretary of the results of said examination and of his recommendation thereon and the reasons therefor, which shall be accompanied by the original proposals, and all maps, plans, and statements which shall have come into his possession relating to the said proposed sites.

If, upon consideration of said report and accompanying papers, the Secretary of the Treasury shall deem further investigation necessary, he may appoint a commission of not more than

three persons, one of whom shall be an officer of the Treasury Department, which commission shall also examine the said proposed sites and such others as the Secretary of the Treasury may designate, and grant such hearings in relation thereto as they shall deem necessary; and said commission shall, within thirty days after such examination, make to the Secretary of the Treasury written report of their conclusion in the premises, accompanied by all statements, maps, or documents taken by or submitted to them, in like manner as hereinbefore provided in regard to the proceedings of said agent of the Treasury Department; and the Secretary of the Treasury shall thereupon finally determine the location of the buildings to be erected.

The compensation of said commissioners shall be fixed by the Secretary of the Treasury, but the same shall not exceed six dollars per day and actual traveling expenses: *Provided, however,* That the member of said commission appointed from the Treasury Department shall be paid only his traveling expenses.

So much of the appropriation herein named as may be necessary to defray the expenses of advertising for proposals, actual traveling expenses of said agent, and the compensation and actual traveling expenses of said commissioners, and other expenses incident to the selection of the site and for the necessary survey thereof and payment therefor, shall be immediately available.

So much of said appropriation as may be necessary for the preparation of sketch plans, drawings, specifications and detailed estimates for the building by the Supervising Architect of the Treasury Department shall be available immediately upon the approval by the Secretary of the Treasury of such site.

After the said site shall be paid for and the sketch plans and detailed estimates for the building shall have been prepared by the Supervising Architect of the Treasury and approved by the Secretary of the Treasury, the balance of said appropriation shall be available for the erection and completion of the building, including fireproof vaults, heating and ventilating apparatus, elevators and approaches.

The building shall be unexpended to danger from fire by an open space of at least twenty feet on each side, including streets and alleys.

Start Girls Right!

Many beautiful girls become invalids for life, because at the crucial period of puberty they pay no attention to the laws of health. Mothers should protect their daughters' health by giving them necessary information and proper treatment. When the menses come on a girl unawares in her inexperience she is either frightened into convulsions, or scared into trying to check the flow. Many girls have checked the flow and it has never started again. And as a result they have grown pale-faced, with "crow-tracks" on their cheeks, and dark half-moons under their eyes. A dose of

WINE OF CARDUI

taken every morning after a girl is twelve years old will bring the menses on properly and keep them regular. It will help her to develop into attractive womanhood and equip her for the duties of wife and motherhood. All druggists sell \$1.00 bottles of Wine of Cardui.

The Hollywood, Ashbury Park N. J., February 8, 1900. I read your advertisement in regard to Wine of Cardui in the Baltimore American, and it so favorably impressed me that on my visit to Baltimore during the holidays I purchased a bottle of it for my adopted daughter, who was suffering with female troubles. She had been under the doctor's care for some time, and when her periods would come on her suffering was something terrible. I induced her to try it and the first dose brought on her menses. She took it regularly according to the directions, and was greatly relieved. To use her own words, "It saved my life." J. WESLEY CROSS.

THE BEE HIVE

Remnant Sale Will Be Continued

A Remnant Sale!

We are taking stock. Taking stock at the Bee Hive is different from any other store. Our stock-taking is house-cleaning. Some stores think dusting off goods is house-cleaning. We don't! House-cleaning with us means every nook and corner in the store. It means getting out the short pieces that were put aside for full pieces during the rush. It means finding soiled goods that made room for clean ones during the rush. In fact it means house-cleaning as only housekeepers and the Bee Hive know how. To give all an equal chance, we will start this sale on Tuesday morning at 9 o'clock. ONE THOUSAND REMNANTS, consisting of Linens, White Goods, White Lawns, White Domestic, Dress Goods, Dress Gingham, Calicoes, Embroideries, Laces, Ribbons, Outings, Crashes, Percalés, Silks, Crossbar Muslin, Chambray Gingham, Eiderdown, Velvets—none over ten yards, most of same two to four yards.

ANOTHER ENTERPRISE.

Maysville Secures Saw and Planing Mills of Ohio River Lumber Company—Work to Begin at Once.

The Ohio River Lumber Company, that has had an office and yards at the corner of Fourth and Plum streets since its organization a few years ago, has decided to move its saw and planing mills from Aberdeen to Maysville, and will begin the work at once.

The company has closed a deal with Mr. Rufus Dryden for a tract of land near the shoe factory in the Sixth ward on which the mills will be erected. The land has a nice frontage on the river and an excellent timber landing and harbor is thus secured. The location is also in close proximity to the large unimproved portion of this city.

Mr. George H. Bishop is President of the company, Mr. Godfrey Hunsicker Vice President and Mr. J. B. Newton, Secretary and Treasurer.

The company employs about twenty hands, and the mills will be a nice addition to Maysville's enterprises.

The many friends of the gentlemen interested wish them continued success in the new move.

The Valentine Peers Chapter of the Daughters of the Revolution will meet at the residence of Mr. G. W. Blatterman Tuesday, Jan. 28th, at 3 o'clock. All members are urged to be present, as matters of importance will be brought before the Chapter.

Miss Annabel Roser, daughter of Mr. and Mrs. L. Roser, was married Thursday to Mr. D. M. Conway of El Paso, Texas, the ceremony taking place at the home of the bride's sister, Mrs. Geo. W. Martin.

LARGE CROWD EXPECTED

To Attend the Approaching Tobacco Fair. Let All Unite in Booming It.

The Tobacco Fair has been advertised extensively throughout Kentucky and Ohio, and the indications are that a very large crowd will visit our city on that occasion. It is necessary to have funds in order to bring to a successful issue this undertaking. Many of our citizens have already contributed to the fund which is being raised for the purpose of promoting this enterprise. A large number have not yet subscribed, and it is important that the necessary funds be raised within the next week in order to assure the success of this annual gathering in our city.

Persons have been invited from Cincinnati and Louisville, and probably a number of visitors will be here from St. Louis. Governor Beckham is expected to be present and deliver an address, and the President of the Business Men's Club and the Chamber of Commerce, of Cincinnati, have been invited, and we hope they will honor us with their presence.

We desire to request the citizens of Maysville to take an interest in advertising and awakening a lively interest at home in this mid-winter fair. We cannot control the weather, but we trust that the citizens and the city authorities will join hands in endeavoring to have our city present as good an appearance at that time as possible. We also suggest that it will not be inappropriate for our business houses to decorate as much as they can for this occasion.

If you have friends who are interested in the growing of tobacco, the purchase or the manufacture of the same, we very earnestly request that you communicate with them, and give them a pressing invitation to be present at that time.

The gentlemen who have in charge the collection of the money which has been subscribed, and that which we hope to secure, will call on you some time during the next week for the purpose of collecting it.

Everybody work for the third annual tobacco fair, February 22nd, 1902.

Mr. Joseph Chambers and Miss Ella Clarkson, of this city, were married at Covington Thursday by Rev. J. W. Mitchell.

Mr. Pollitt has many relatives and friends in this city and county. He and his bride are living at the Highlands, back of Newport.

John F. Bloomhuff living near Elmherry, O., will move to this county in the spring.

Mr. John Parry, of Richmond, Va., who was at Wells & Coughlin's stable Friday purchasing horses and mules, secured nineteen head, paying good prices for them. Mr. Parry will go to Flemingsburg Monday for the purpose of purchasing as many head as he can get. They will be brought here and shipped to Richmond Tuesday or Wednesday.

The Old Maids' Convention at the opera house last night attracted a splendid audience, and was, as advertised, one of "the funniest things that ever happened." It would take a column or two to tell about all the amusing things that took place, and the many other enjoyable features interspersed in the way of recitation, music and dancing. To be brief it was an artistic, social and financial success.

To-morrow will be mission Sunday at the First Baptist Church. There will be a missionary sermon in the morning and a mass meeting at 3 p. m., and at night. At the afternoon meeting Mrs. Dr. J. M. Judge and Miss Allie Baker Alexander will read papers and at night Dr. J. G. Bow, of Louisville, will deliver an address. There will be special music. No public collections. DIED AT CINCINNATI.

Mr. Omar Hord, of Rectorville, Operated On For a Tumor Friday, and His Death Follows.

Mr. Omar Hord, aged fourteen years, son of Mr. Abner Hord living near Rectorville, died Friday afternoon at Cincinnati as a result of a surgical operation for a tumor. He had been ill a week or so, and was taken to Cincinnati by Dr. Hord, of Orangeburg, in hopes that the operation would save his life.

The remains were brought here on the 10 o'clock train this morning and taken to the home of his father where the funeral will be conducted at 10 o'clock Sunday morning. Burial in Olivet Cemetery.

TOBACCO WORKERS ORGANIZE.

A Branch of the International Union Established Here Last Evening.

Mr. Henry Fisher, of Louisville, President of the Tobacco Workers' International Union, was in Maysville last evening, and organized a branch of this order among the employees of the new tobacco factory in the Fifth ward. The Maysville union starts out with about fifty members. The following officers were elected: President—A. J. Shepard. Vice President—Elizabeth Ann. Recording Secretary—Charles Bright. Financial Secretary—Agnes Colburn. Treasurer—Kate Ann. Sergeant-at-Arms—Riley Fraikin. Guide—Charles Ross.

It was the wish of the owners of the factory that it be made a union factory and they were in hearty sympathy with this move on the part of their employees.

Miss Myrtle Filson, who recently underwent another painful surgical operation at Dr. Satter's hospital, Cincinnati, is recovering.

John Brittain's mamma, while exploring the pockets of some old clothes yesterday, found some coupons that he received while making a purchase at Barkley's shoe store last fall. On investigation it proved that one called for the \$10 prize awarded during the firm's recent Christmas distribution. Needless to say that "Johnnie" hastened forthwith to collect the "gelt," and says he'll have a high old time while the "saw-buck" lasts. Thos. R. Davis, of North Fork, and Delia Belfry, of Washington, are also belated comers, and have produced coupons calling for smaller amounts.

"Lovers' Lane" This Afternoon and Tonight.

Clyde Fitch's "Lovers' Lane," which William A. Brady's company presents, is a radical departure for the playwright, and depicts social conditions in a typical New England town. For the leading character there is a young minister of liberal views, who stirs up ferment by the unconventionality of the method which he employs in the performance of good works. There are many opportunities for characteristic types in this play. The scenes depicted are the parsonage, the main street of the village, and a very beautiful view of an apple orchard at harvest time and again in full spring blossom. The beauty of scenery and lighting effects is considered remarkable, even in these days of up-to-date stage realism.

Matinee at 2:30 this afternoon. Prices children 25 cents, adults 50 cents. Night prices 25, 50, 75 and \$1.

This resulted in the boat going to the bank.
